Dear Editor:

Carroll Township and Dillsburg Borough residents beware!

Citizens Hose C. #1 of Dillsburg provides primary (1st due) fire, rescue, and ambulance service to residents of Carroll Township And Dillsburg Borough! Citizens Hose Co. #1 also provides contracted services for Franklintown, Wellsville, Franklin Township, portions of Warrington, Washington, Monaghan Townships, and may soon be providing primary ambulance service to Monroe Township. Citizens Hose Co.#1 has approximately 21 EMT's, 25 firefighters, 15 fire police, two first-line engines, one ladder truck, rescue truck, brush truck, and three ambulances. Those statistics are important to remember!

Recently many of you have received fliers requesting donations from the Franklintown and Monaghan Township fire companies. I wish to inform you that they provide assistance as requested by Citizens Hose Company officers and subsequently are not your primary fire/rescue service. I urge you to carefully consider your donation as it may not directly benefit you. I must also point out that these erroneous requests were done in very poor taste, as Citizens Hose Company is preparing to mail its' yearly ambulance /fire co. membership drive in the next few weeks.

The Franklintown And Monaghan Township fire companies should be supported by their respective municipalities, not their neighboring municipalities. If they can't survive on that, then maybe it is time for a few less independent fire/rescue organizations.

Remember, Citizens Hose Company already provides the service to you, that these companies want to purchase with your donations! Why buy what you already have!

Like many of you, I also received those flyers and questioned why they want to duplicate a service already provided. This editorial is submitted by an active firefighter/EMT with Citizens Hose Company. It should in no way be construed to represent the feelings of the officers and active members of Citizens Hose Co. #1

Dear Editor:

My limited vocabulary and our limited space prevent me from adequately expressing our gratitude and admiration for the Dillsburg Volunteer Fire Company. Their prompt response and professional action prevented a serious fire from becoming a tragic one at our home on February 7th. I've read of firemen risking their lives to save a life but never once and a women went into a burning home to protect our furniture. Their expertise and courage saved most of our clothing, furniture, pictures isomentoes and personal papers. Because of them our lives are only temporarily interrupted, not permanently disrupted. Until we can express our gratitude in a more tangible manner, thank you firemen and women. Well done!

Library offers reference workshop

The Dillsburg Area Public Library is offering a workshop on February 27 on the subject "Ready for Reference." The workshop will be held at the library at 175 South Baltimore St. from 7:00 to 8:00 p.m.

Those attending the workshop will learn just what reference materials the Dillsburg library has and how to use them to gather needed information.

Need information on who to write to about that defective hair dryer? Does you middle school student have to do a report on nuclear war or some obscure animal to South American country? The library staff may not have all the answers but they can show you where to go to find them.

The workshop is one in a series of workshops scheduled this spring. They have been designed to help library patrons become more familiar with the wide range of resources available to them and more comfortable making use of them.

Library Sets Bedtime Story

A bedtime story will be told for preschool children at the Dillsburg Area Public Library on Wednesday, March 7 from 7 to 7:30 p.m.

Participating children should come to the library in pajamas and bring a favorite stuffed animal to snuggle up with during the story time.

The library is located at 17 S. Baltimore St., Dillsburg.

All preschool children are welcome to attend.

Junior/Senior parents

Everyone loves to have a party and half the fun is planning one! Won't you help us?

The Northern Community Task Force and the Parent Advisory Committee have joined forces in organizing this Year's After Prom Party. This party is a great way for the students to continue their celebration of prom night in a drug and alcohol free environment.

There will be an organizational meeting on Tuesday, February 27th at 7:00 p.m. in room 201 at the High school. All parents having juniors and seniors attending Northern High are asked to attend. Come find out what is being planned for this year's party. Share your suggestions/criticisms. Offer your support and help.

If everyone does a little, then no one has to do a lot!

Restroom Equity

Leigistration which would "restroom equity" to public buildings in Pennsylvania has passed the Legislature and is on the desk of Gov. Robert P. Casey

The House on Tuesday unanimously approved the bill originally developed by Rep. Bruce Smith (R-92nd).

"On the surface, many people considered this bill frivolous, but there is a genuine need for additional women's facilities in most public gathering places," Smith said.

Under the measure, public buildings constructed after the law takes effect or public buildings which undergo renovation of more than 50 percent of the structure would have to provide more restrooms for women.

Buildings included in the legislation are stadiums, community and convention halls, public schools, sports and entertainment arenas and state buildings. Hotels and restaurants are exempt.

The state Labor and Industry Department would decermine the ratio of men's to women's rooms.

"Since unveiling my bill in September, I've received a positive response both in the district and outside of it," said Smith.

"I think it's a women issue, a fairness issue, a common-sense issue," he said.

Taylor earns CISR Designation

Shelley A. Taylor

Shelley A. Taylor of the Insurance Brokers of York, Inc. has successfully earned the distinction of Certified Insurance Service Representative (CISR) from the Professional Insurance Agents Association of PA. MD and DE and the Society of CISR in Austin, Texas.

In order to earn the designation of CISR, each individual must have attended five courses covering all phases of the Insurance business and passed five comprehensive examinations. Additionally, the National Society requires annual attendance in the program to maintain the designation.

Shelley, a 2 year veteran of the Industry has recently earned this national designation. Shelley believes insurance consumers are best served by those who acquire and maintain a high level of professional excellence by earning this prestigious designation.

Franklin Township Planning Commission meeting Highlights

Dan Witmer and Henry Kawacheck reviewed a sketch plan for Barrens Church Road-this land is about 1/5nd in Franklin Township and 2/3rds in Franklintown Borough. The proposal includes public water and sewer. The plan was reviewed with Mr. Witmer and Mr. Kawacheck by the commission and the engineer.

John William Hamm-Minor Subdivision Along South Mountain Road-Final Plan

Mr. Grove recommended that the sewage planning module be forwarded to DER by the township since it is a minor module. The commission voted to recommend approval of the plan subject to the following: (1) 2/10/90; (2) requirement to pave the parking area from the road; (3) requiring the property owner to hook up to the public water if it is ever extended; (4) add existing utilities, if any, to the plan.

Ken Lin Inc. Land Development Plan-Cuffestream Road

The commission voted to recommend disapproval of the plan based on the noted comments of Engineer Grove.

Cabin Hollow Estates-38 single family-8 duplex-major subdivision-preliminary plan

Engineer Grove noted in his review letter that the submittal was incomplete due to the possible inaccuracy of the site conditions, topography and other topographic features of the site as noted on the contours and other topographical features of the site as noted on the plan submitted. It was also strongly suggested that a wetland study be conducted for the entire site. The commission voted to recommend disapproval of the plan based on the comments of the township engineer and due to the nonreceipt of an approved sewage planning module from DER.

Kim Acres-Six lots-Spring Drive Road-Preliminary Plan

The commission voted to disapprove the plan based on the items in the Grove letter notably three items that still need attention.

Del Wayne Manor-Five lots-preliminary plan-Franklintown Road

It was noted that approval of the sewage planning module has been received from DER and there were no other outstanding conditions that needed to be completed. The commission voted to recommend approval of this plan.

A sketch plan was reviewed on a possible subdivision into 6 lots of about 15 acres located on Old Cabin Hollow Road and Barrens Church road. There was a question of extension of public water lines would be required in order to serve lots of this size and in this area. Engineer Grove commented on the present status of the intersection of Old Cabin Hollow Road and Barrens Church Road-he feels that the "mix" at which Barrens Church Road connects with Old Cabin Hollow Road needs to be improved into a 90 degree angle and that this may be the chance for the township to have this done.

PAC TO MEET

There will be a PAC meeting on Monday, February 26 at 7:00 pm in the Northern High School Cafeteria.

Lady Bears dream ends

by John Middlekauff

Tuesday evening (2/13), the Northern Girls Basketball Team took to the road in hopes of maintaining a chance to tie for the second half crown in Mid-Penn Division III. They also knew that they would need help in getting that share. Just prior to the start of their game with West Perry, Northern's Head Coach Rick Speck learned that yes indeed, Susquenita had bumped off Division leader Big Spring! The Lady Bears had a chance! That chance went down the drain in the very first quarter against the Lady Mustangs. West Perry roared to a 13-0 lead in that quarter on their way to a 55-39 demolishing of the Northern team and with it any hopes of challenging for the Division crown.

Much to the credit of the West Perry Girls, who were also in the hunt, they were determined to give Northern a real run for their money. That run for West Perry turned into a walk for the Lady Polar Bears. It was, in the words of a very downcast Rick Speck, "The worst game we played all year." In a game of this significance, you would assume that the girls would be fired up, ready to go all out. Instead they came out flat, and what is worse with no intensity at all. To their coach is was very simple, "Our defense was terrible, and we just got hammered on the boards." West Perry got plenty of help from Senior Lori Thebes. Miss Thebes finished with a game high nineteen points, with fourteen of those in the first half-that is fourteen out of W.P.'s total twenty-three first half points. Northern was led by Gretchen Klaus' thirteen, but she got very little help.

Friday afternoon (2/16) the Lady Bears woes continued. Facing the Mechanicsburg Lady Wildcats, Northern dropped an overtime contest to visiting Mechanicsburg 58-55. This had to be a real crusher. The Lady Wildcats have had trouble all year. First year Coach Tanya Brown has not been able to find the right combination. But even though Mechanicsburg only had a 6-15 overall record, they had something to prove.

Staying hot on the heels of the Lady Bears, Mechanicsburg went on a 21-14 run in the third quarter to create a bad situation for Northern. In the fourth quarter the Lady Bears, fueled in part by Nancy Jacoby's eight points, came from behind to knot up the score 53-53 at the end of regulation. In overtime Northern could only manage 2 points, while Mechanicsburg nailed five to pull off, for them, this stunning victory.

Despite the fact that Northern had three starters in double figures, Kay Kula led the scoring for Northern with a career high sixteen points, followed by Nancy with fourteen and Amy Minnich with eleven, the Bears just could not find the knockout punch. Northern also had a very difficult time getting the ball to Gretchen. This has happened before and will happen more often next year. Any coach worth his salt will tell you, in defensing Northern you stop Klaus and let the others prove they can beat you. So Gretchen has seen double-team and triple team against her, and the others haven't proven they can win on their own. This is not an attempt to pinpoint the Lady Bear's problems-I believe they go much deeper! So with one more scheduled game remaining (at Camp Hill-Tuesday), the Bears must find some way to pickup the pieces, recognize them, and put them together if they have any hopes in the upcoming P.I.A.A. playoffs.

Northern J.V. player Ashley Stouffer, in action against Mechanicsburg last week. Northern lost 23-25 in the final seconds of the game.

January High School Board Report

Six Northern students were recognized by the Central Pennsylvania Scholastic Writing Awards program. Students receiving gold keys were Matthew Newman (9) and Lynn Farner (10). Certificates of Merit were awarded to Matthew Kline (12), Angela Bennett (9), Lynn Farner (10), and Valorie Sebesteyn (10).

Northern participated in the Art-Awareness Scholastic Art Competition. The program was held at the Bradley School of Art in York. Eight different students collected 29 awards. Receiving Certificates of Merit were Tanya Biller, Jason Prasch, Simone Lewis, Valorie Mehring, Gretchen Klaus, John Noto (2), Tom Seltzer (3), Danielle Hlusky (5), Danielle Marsch (7). The following students also received specific category awards: Brenda Mastermack, Seltzer, Valorie Mehring, Danielle Marsch (3).

Three Northern students qualified for Region 5 Band Festival to be held at the Hanover High School. Those students are Dave Burich, Jim DeMore and Shelly Engle.

The DECA Program participated at the District Career Development Conference held at the Sheraton Inn in York. The following students received first place awards: Jane Myers, Mike Knaub, Sherri Stevens, and Becky Swann. The following students received second place awards: Brenda Mastermack and Jen Bahn. The following students received third/fourth/fifth place awards: Letitia Malkowski, Jen Reiner, Heather Alldredge, Jeff Bowman, Jason Carson and Chris Euzzy. All of these students qualified to compete at the State level.

Four FFA students served as the honor guard for the State Fair's Convention. Those students were: Chris Hoon, Dan Blouch, Dana Chroni ter and Esther Doll.

The guidance department named Lauren Ivey and Brian Swalley as Rotary Girl and Boy of the month.

The NCES organization is sponsoring a series of business seminar. Business faculty attending in January were Elaine Mayhew, Donald Matthews, Randall Strayer and Nancy Koeler.

The business department has chosen Kim Hoffman as Business Student of the Month.

During the second marking period the three top 12th grade classes were involved in a week study of the U.S. Constitution as part of the Bicentennial Celebration of the Bill of Rights. After completing an examination the 3 classes competed against each other in a mock congressional hearing which tested their knowledge of the U.S. Constitution. All classes are to be commended for the time and effort they contributed to their studies and their performance in the competition. The winning class will represent the 19th Congressional District in the state competition to be held at Dickinson College in March.

The guidance department sponsored a College Symposium in the High School auditorium on January 4. Northern graduates, along with High School counselors, presented a program to about 120 students.

Dr. Kermit Finstad, Director of Gettysburg College Choir, made a presentation to our choral group on January 24.

The guidance department sponsored a PSAT Information Night on January 15, approximately 80 junior students participated in this program.

The guidance deportment sponsored the annual 8th grade parent orientation night on January 23 in the high school cafeteria. About 100 parents participated in the event.

Mr. John Eakon, Professor of Music at Dickinson College, presented a one hour program to over 200 8th grade students in the high school auditorium on January 30. The program presented a history of chamber music in combination with his individual performance.

Weekly HEALTH TIP

GUM DISEASE

90% of Americans have gum disease that is caused by the build-up of plaque on the teeth. It leads first to gingivitis (inflammation of the gums), which is curable if the plaque is completely removed. If neglected, it will cause destruction of bone supporting the roots of the teeth, periodontitis, which is responsible for 70% of all loss of teeth. Avoid gum disease by brushing and flossing after every meal, and regular dental checkups to remove all plaque.
